Agenda

- Workshop Introduction

- Overview of Performance Management

- Job Objectives

- Develop Job Objectives for an Employee - Activity

- Collaborative Review of Job Objectives - Activity

- Role of the Supervisor
Trust is built through communications and alignment

- The leader trusts that subordinates understand and will carry out organizational goals

- Subordinates trust that they will be supported by the leader when they exercise their initiative in achieving those goals
Five Phases of Performance Management

- Planning
- Monitoring
- Developing
- Rating
- Rewarding
Employee Responsibilities

Employees are encouraged to:

- Participate in development of job objectives and identify associated contributing factors
- Identify and record their accomplishments
- Participate in interim reviews and the end-of-year assessments, including the self-assessment
- Understand the link between their performance expectations and conduct, and organization mission and goals
Rater Responsibilities

- Ensure employees attend performance management training
- Develop job objectives aligned to mission objectives and identify contributing factors
- Communicate performance expectations to employees and hold them accountable for achieving them
- Provide employee feedback—at least one interim review
- Foster and reward excellent performance
- Address poor performance
- Make meaningful performance distinctions among employees
- Recommend ratings, share assignments, and payout distribution
Higher Level Reviewer Responsibilities

- Be involved in the performance management process throughout the rating period

- Ensure organizational goals are communicated to subordinate supervisors and employees

- Ensure equitable and consistent application of, and compliance with, performance management requirements by all subordinate raters

- Confer with subordinate raters and consider recommended ratings, share assignments, and payout prior to pay pool process
Agenda

- Workshop Introduction
- Overview of Performance Management

**Job Objectives**

- Develop Job Objectives for an Employee - Activity
- Collaborative Review of Job Objective - Activity
- Role of the Supervisor
NSPS Requirements for Job Objectives

- Job objectives must be linked to mission ‘line of sight’
- 3 to 5 key responsibilities must be captured as job objectives to define performance expectations
- Supervisors must have one supervisory job objective
- Job objectives must be SMART and aligned to salary and pay band
- Contributing factors must be selected for each job objective
- Job objectives are weighted
Supervisor Expectations

- Communicate expectations and hold employees responsible for performance
- Make meaningful performance distinctions among employees
- Foster and reward excellent performance
- Address poor performance
- Ensure that employees are assigned a rating of record when required
- Follow merit-systems principles, personnel practices, and equal employment opportunity
Job Objectives are not Task Descriptions

Job Objective:

- Focuses on the results and contribution
- Describes “what” the person will accomplish
- **Employee** responsible for outcome

Task Description:

- Focuses on the activities or tasks completed
- Describes “how” the person will do the work
- **Manager** ultimately responsible for outcome
SMART is a framework for developing (and evaluating) job objectives.

- **S**pecific
- **M**easurable
- **A**ligned
- **R**ealistic/Relevant
- **T**imed
SMART Job Objectives Are Specific

- Define an observable action, behavior, or achievement
- Link to a level of performance, frequency, percentage, or other number
- Are specific regarding the description of the result (not the activities to achieve that result)
Example of “Specific” Objectives

Provides accurate and timely advice and guidance on an “as needed basis” to headquarters staff and managerial accountants in the field – resolving normal issues/inquiries in 5 – 7 business days, for more complex situations an initial response should be given in 5 – 7 business days and updated until resolved. Provides responses to questions and inquiries covering a variety of policies and directives that require the correct application of accounting principals, theories, concepts and practices to financial processes to produce accurate results and meet legal requirements.
SMART Job Objectives Are Measurable

- Provide a method to allow tracking, recording, and validation of quality of a specific behavior, action, or outcome

- Define:
  - Quantity (how many)
  - Time (how long)
  - Quality (how good)
  - Resources (how much)
Provides **accurate and timely advice** and guidance on an “as needed basis” to headquarters staff and managerial accountants in the field – resolving normal issues/inquiries *in 5 – 7 business days*, for more complex situations an initial response should be given *in 5 – 7 business days and updated until resolved*. Provides responses to questions and inquiries covering a variety of policies and directives that require the **correct application of accounting principals, theories, concepts and practices** to financial processes to produce **accurate results** and meet legal requirements.
SMART Job Objectives Are Aligned

- Line of sight is drawn between the employee’s work, unit’s goal, and the organization’s mission
- Objectives ensure all are working toward shared goals
- All objectives in the organization pull in the same direction
- Managers/supervisors need understanding of their own objectives before they can work with their employees to establish theirs
Provides accurate and timely advice and guidance on an “as needed basis” to headquarters staff and managerial accountants in the field - resolving normal issues/inquiries in less than 7 business days, for more complex situations an initial response should be given within 7 business days and updated until resolved. Provides responses to questions and inquiries covering a variety of policies and directives that require the correct application of accounting principals, theories, concepts and practices to financial processes to produce accurate results and meet legal requirements.
SMART Job Objectives Are Realistic/ Relevant

- **Realistic**: Objectives achievable with the resources and personnel available, and within the available time

- **Relevant**: Objectives important to the employee & organization

- **Responsibility** must be appropriate to employee’s salary
Pay Band 2 - $40,000 – Under limited supervision provides accurate and timely advice and guidance on an “as needed basis” to headquarters staff and managerial accountants in the field – resolving normal issues/inquiries in 5 – 7 business days. Provides responses to questions and inquiries covering a variety of policies and directives that require the correct application of accounting principals, theories, concepts and practices to financial processes to produce accurate results and meet legal requirements.

Pay Band 2 - $60,000 – Provides accurate and timely advice and guidance on an “as needed basis” to headquarters staff and managerial accountants in the field – resolving normal issues/inquiries in 5 – 7 business days, for more complex situations an initial response should be given in 5 – 7 business days and updated until resolved. Provides responses to questions and inquiries covering a variety of policies and directives that require the correct application of accounting principals, theories, concepts and practices to financial processes to produce accurate results and meet legal requirements.
SMART Job Objectives Are Timed

- Established start and/or end dates are defined
- Specific dates (e.g., March 15) are preferred over relative descriptions of time (e.g., 6 months)
- Milestones can be included

Examples:
- Specific Time – by December 10
- Relative to another event – 6 months after...
- Recurring – quarterly, bi-weekly
Provides accurate and timely advice and guidance on an “as needed basis” to headquarters staff and managerial accountants in the field – resolving normal issues/inquiries in 5 – 7 business days, for more complex situations an initial response should be given in 5 – 7 business days and updated until resolved. Provides responses to questions and inquiries covering a variety of policies and directives that require the correct application of accounting principals, theories, concepts and practices to financial processes to produce accurate results and meet legal requirements.
SMART Job Objectives Example

- Install 150 new computers in the DA Field Office in Arlington, VA and have the installation accomplished during the last two weeks of September. Ensure that the DA Form 3161 issuing the new computer to the PC user is signed by the user and forwarded to the Property Book Officer in 2 – 3 working days of signature.

Note: Both timed and measurable also reflect realistic.
Using Performance Indicators

- These provide the basis for judging performance at the end of the performance cycle when rating objectives.

- Descriptions of Level 3 and 5 performance for different pay schedules and pay bands are included in Attachment I.

- When writing objectives, use performance indicators to describe Level 3 performance.
## Job Objective Ratings

<table>
<thead>
<tr>
<th>RATING</th>
<th>DESCRIPTORS</th>
</tr>
</thead>
<tbody>
<tr>
<td>5</td>
<td>Employee exceeded the assigned job objective at a level of performance equal to, or above, the Level 5 performance indicator</td>
</tr>
<tr>
<td>4</td>
<td>Employee exceeded the assigned job objective at a level of performance above the Level 3 performance indicator but below the Level 5 performance indicator</td>
</tr>
<tr>
<td>3</td>
<td>Employee met the assigned job objective at a level of performance equal to Level 3 performance indicator</td>
</tr>
<tr>
<td>2</td>
<td>Employee met the assigned job objective at a level of performance below the Level 3 performance indicator or needed guidance and assistance beyond that described in the Level 3 performance indicator</td>
</tr>
<tr>
<td>1</td>
<td>Employee failed to achieve the assigned job objective or failed in the performance of a single assignment where such failure had a significant negative impact on accomplishment of the mission or where a single failure resulted in or could result in death, injury, breach of security, or great monetary loss</td>
</tr>
<tr>
<td>NR</td>
<td>Employee did not have an opportunity to perform the job objective because it became obsolete or could not be accomplished due to extenuating circumstances.</td>
</tr>
</tbody>
</table>
Selecting Contributing Factors

- Define sets of work behaviors that are related to and impact the performance of a job objective
- Contribute to how the job objectives are accomplished
- Affect the rating process

- Technical Proficiency
- Critical Thinking
- Cooperation and Teamwork
- Communication
- Customer Focus
- Resource Management
- Leadership

Rating Effect:

+1 Enhanced
0 Expected
-1 Below Expected
Weighting Job Objectives

- Each objective may be weighted to indicate importance and effort

- Weighting is entered as a percentage in increments of 5%

- At the end of the performance cycle, the percentages are multiplied to the individual objectives’ rating to produce the overall performance rating

- If values aren’t entered, all objectives are weighted equally

- Total Weighting = 100 percent

  - Job Objective 1 — 35 percent
  - Job Objective 2 — 20 percent
  - Job Objective 3 — 15 percent
  - Job Objective 4 — 15 percent
  - Job Objective 5 — 15 percent
Agenda

- Workshop Introduction
- Overview of Performance Management
- Job Objectives
  - **Develop Job Objectives for an Employee - Activity**
  - Collaborative Review of Job Objective - Activity
- Role of the Supervisor
Develop SMART Job Objectives Activity

- Select organizational goals for the employee’s job objectives to align to
- Write two job objectives for an employee
- Select contributing factors
- Determine weighting
- Use reference guide to complete activity
- Use worksheet to document the performance plan contents
Agenda

- Workshop Introduction
- Overview of Performance Management
- Job Objectives
  - Develop Job Objectives for an Employee - Activity
  - Collaborative Review of Job Objective - Activity
- Role of the Supervisor
Communicate SMART Objectives

- Collaborate with another participant to review, revise, and finalize SMART job objectives
  
  • Activity is done in pairs
  
  • Review and critique each other’s performance plans through a role play
Performance Discussion

- Review organizational goals
- Discuss employee’s job objectives – are they SMART? Are they realistic and relevant? Is the alignment clear?
- Review selected contributing factors
- Discuss weighting
- Determine if changes need to be made to the performance plan, document changes
Consider These Questions When Reviewing Plan

- Are the job objectives vague?
- Can the job objectives be measured or verified?
- Are the job objectives too complex or unnecessarily long?
- Does each job objective have a timeline?
- Do the job objectives emphasize appropriate aspects of the work?
- Are there too many or too few job objectives?
Performance Appraisal Application Process

- **Supervisor**
  - Defines mission
  - Develops job objectives
  - Selects contributing factors
  - Determines weighting
  - Uses working job objective field on form

- **Employee**
  - Understands mission
  - Reviews/revises job objectives
  - Reviews/revises contributing factors
  - Understands weighting
  - Uses working job objective field on form

- **Supervisor**
  - Revises job objectives
  - Revises contributing factors
  - Cuts and pastes into job objective field on form

- **Higher Level Reviewer**
  - Approves performance plan for employee

**Monitoring, Developing, Rating**
- **Self Assessment**
- **Interim Review**
- **Performance Appraisal**

- Pay Pool Panel
- Determines Rating of Record

Importance of the Supervisor

- Role you play as a supervisor is critical
- It is important to involve your employee in the development of the job objectives and the overall performance plan
- Ultimately, you are responsible for ensuring that the performance plan is complete and the employee is committed
- Sharing what you have learned with others can support a successful implementation of NSPS
Managing Performance

- Capturing performance
  - Supervisors and employees may use automated tools (interim review assessment, self-assessment, etc.)

- Adjusting objectives
  - Keep objectives accurate
  - May add, delete, or modify
  - Must discuss with employee
  - Must be able to accomplish within remaining rating period
Performance Management Checklist for Conversion

- Closeout TAPES—final rating of record, awards
- Have performance plans in place for interim TAPES period
- Consider appropriate awards for interim period
- Establish performance management rating hierarchy
- Identify organizational strategic goals/objectives
- Have NSPS performance plans in place (DD Form 2906 hard copy with all signatures) before conversion date
- Complete automated Performance Plan, in My Workplace, after conversion
Workshop Closing

- Please complete evaluation to provide feedback on workshop effectiveness and facilitator effectiveness.

- If you have questions regarding writing SMART job objectives, please contact your CPAC Representative.
